# ARTIST STATEMENT

Influenced by the vibrant and diverse culture of his childhood home Hong Kong, **CHRIS LO** has sated his creative appetite through drawing & photography. Studying Commercial Graphics at Pittsburg State University (KS), Chris has spent over three decades in the design industry; earning over 300 national & international awards and featured in multiple design publications.

Chris fosters a continued appreciation for fine art, creating pieces which celebrate the beauty in real-life stories. His **Story Montage Series** is composed of astonishing commissioned portraits with boutique hand-crafted care.

Founder and Art Director of digital marketing firm **Matcha Design**, Chris lives and works in Tulsa Oklahoma with his wife Lois and toy Australian Shepherd Pixel.

## THE STORY

# Story Montage Series: Portrait

You alone created my inner being. You knitted me together inside my mother. I will give thanks to you because I have been so amazingly and miraculously made. Your works are miraculous, and my soul is fully aware of this.

**PSALM 139:13-14**

---

Our choices, actions, and the people who help us along the way truly shape the portrait of who we are. Through spending time with my subjects, collaboration, and research, I mentally visualize the specific elements to include in your portrait— telling the tale of who you are, and your unique journey. Each of my portraits are an amalgam of digital technique, harmonious composition of color, and focused on those precious moments and experiences that define the subject's personality.

Entrepreneur. Inventor. Mother. Father. Husband. Wife. The Story Montage Series aims to show how cherished and unique your life is; celebrated and treasured by you, and the people around you. These bold yet stylishly subtle portraits are produced on high-quality canvas and hand-wrapped over a 1.5 inch frame with a thick protective lamination. Presented over black gallery grade float frames, wire hangers, paper backing, and cushioned hangers.

# INTERVIEW

I always begin the process by spending time to get to know my subject matter through direct interview or through people close to them. The findings will breath life into my creative process.

## Transforms Your Biography into Visual Art.

You can find photo albums, written biographies, and even video documentaries of a person. But it's seldom that you'll find a single portrait that can do the same thing. To achieve such feat, one has to hone the talents and imagination of an artist, the eye of a photographer, the insight, skills and seasoned experience of an art director. That's why I have decided to offer you the opportunity to have your own Story Montage Portrait. Your portrait will be filled with rich details, colors, elements that mean a lot to you and your life experience. Truly a one-of-a-kind art work of art about you and your story. – **Chris Lo / Visual Artist.**
